

ADRIAN REINA

Ciego de Avila, 65304, (Cuba)

adrian.reina.391@outlook.com

Professional Summary

Versatile digital professional with over 13 years of technical experience and a strong foundation in frontend development, graphic design, and bilingual communication. Skilled in AI-powered content creation (image and video generation), social media management, copywriting in English and Spanish, and WordPress development. Proven ability to manage technical systems, create engaging digital content, and deliver results independently in remote environments. Currently developing two innovative web applications for the Cuban market, demonstrating entrepreneurial vision and full-stack capability.
